## CAREER OBJECTIVE

Healthcare professional with three years of experience as a patient transporter, transitioning into software engineering. Committed to leveraging my problem-solving skills and passion for technology to excel in the tech field. Eager to contribute to innovative solutions and collaborate in a dynamic team environment.

## PROFESSIONAL EXPERIENCE

### Patient Transporter

**Scarborough General Hospital, Toronto, ON / Dec 2020-Present**

- Facilitated clear and timely communication regarding patient transport needs, contributing to a well-coordinated healthcare environment.
- Assisted patients with diverse mobility challenges, employing problem-solving skills to ensure their comfort and safety during transfers.
- Demonstrated meticulous attention to infection control protocols, maintaining a pristine transport environment.
- Facilitated clear and timely communication regarding patient transport needs, contributing to a well-coordinated healthcare environment.

### Screener

**Scarborough General Hospital, Toronto, ON / July 2020-Dec 2020**

- Conducted thorough health and safety screenings for staff, patients, and visitors to safeguard the well-being of everyone within the healthcare facility.
- Managed and organized visitor and patient binders, ensuring all records were current and readily accessible, contributing to efficient patient care and administrative processes.

### Team Member & Baker

**Tim Hortons, Toronto, ON / Feb 2018 - Jan 2020**

- Greet and take customer orders, serve and prepare simple food items.
- Keep store clean and sanitized.
- Assist in training new staff members.
- Ensure front showcase was presentable, and fully stocked.
